Hi Nathan,

Thank you for your comments on the completion reports/figures and preliminary review comments on the SMP, and the follow-up. The SMP is under revision, based on our call and your initial comments.

Also, as requested, attached are the draft copies of the LUC that were provided for review. I'm working to revise these based on our call on Thursday and elements that may apply from the Tyco LUC.

Thank you, Linda

Linda,

It was good to speak with you and Gerry (and Carmen) yesterday afternoon. I vaguely recall someone else on the call, but I don't remember who it was – I apologize if I'm omitting someone from this email. We appreciate the updates and look forward to closing out this project.

Please find attached comments on the Completion Reports/Figures and the Soil Management Plan. Once you and Gerry have had a chance to look them over, let me know when you'd like to have another phone call to discuss any final actions before we issue a close-out letter, as well as revisions to the SMP. Hopefully by then I will have an answer from our attorneys regarding the LUC / start of redevelopment activities questions that were brought up.

Additional items:

- Could you send us another copy of the draft LUC?
- Thank you for sending the Revised assessor parcel map.
- When it is finished, please also send us the map of the additional samples being taken along the Union Pacific Railroad (if I'm not mistaken, adjacent to Soil Removal Areas 14 and 6a/6b)

Please call me if you have any questions/issues.

Thanks and have a nice weekend,  
Nathan
